See near, far and everything in between with Acrobat HD. High definition allows you to experience vivid colors and contrast giving you a beautiful crystal clear picture and vibrant display.

It’s our most flexible solution for reading, writing or viewing magnified images at any distance. Use it up close like a mirror for applying make-up or other personal grooming.

By simply rotating the camera you can magnify images in the distance. Use it to view presentations, paperwork, even work on crafts and hobbies. Acrobat HD is ideal for work, school or home and is easily transported.

“I love my Acrobat HD! It has truly given me a new lease on life. I can read any sized print, do more detailed things like threading a needle. Things I used to depend on others to do for me I now do myself. There’s no end to the potential for this wonderful device.”
