

COOL READER WITH BUILT-IN DISPLAY

Eye-Pal Ace is a revolutionary ultra-portable self-contained console that reads out loud and magnifies printed material for individuals who have difficulties reading printed text. Additionally, it is compatible with refreshable Braille displays. Ace incorporates ABiSee's exclusive AudioMinder technology, making it the only reader that can also assist you with your daily schedule.

Reads even the most difficult types of text

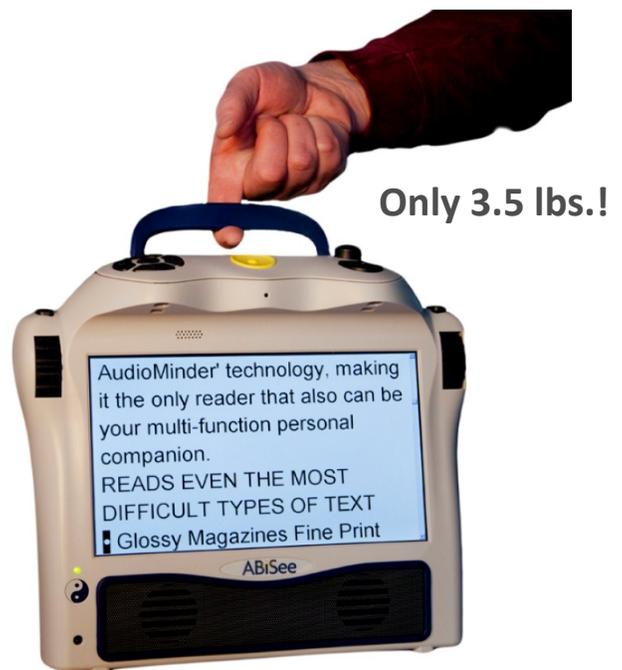

- Glossy Magazines
- Fine Print
- Pill Bottle Labels
- Product Packaging
- Restaurant Menus
- Spells Out Words

Compact, lightweight, easy to use, all-in-one design

Cameras, controls and a screen are integrated into a single convenient unit. Easy to carry, easy to use—even for the shakiest of hands:

- No external display to hook up!
- No separate control keypad to fumble around with!
- No unwieldy arms to unfold, install or get in the way!

Read anytime, anywhere

- As light and easy to carry around as a tablet or book. Take it to the library or use it in the kitchen to prepare your favorite recipes.
- Runs on rechargeable, replaceable battery and/or AC power.
- Fits naturally in your hands — sit comfortably in your favorite chair for viewing or listening.
- Convenient handle stores out of the way when not in use.

Bring the little things to light

- Write a check
- Magnify a pill bottle
- Play cards with your friends
- Replace batteries under magnification

Easily switch from reading to magnifying

Have a form or a document? Read the fine print and then switch to live magnification to sign it with confidence.

AudioMinder - daily activity assistant

AudioMinder is an integrated audio and visual companion to help you with many aspects of your daily life. Ace never rests—it is always there for you even while it is in energy-save mode or while you are using it to read.

Audio calendar — reminds you it's time to take your medicine or that you have a doctor's appointment.

Clock display — the largest clock display you have ever come across.

Alarm clock — wakes you in the morning.

Audio notepad — helps you to remember important things that you might otherwise forget.

Digital photo album — Ace makes it easy to take your favorite digital photos with you and share them with your family or friends. View JPEG images as a slide show or select a single photo and magnify it.

Eye-Pal Ace
