

## NUEYES IS A HEAD WORN DEVICE FOR THE VISUALLY IMPAIRED

If you have vision insurance, we're happy to provide you with an itemized receipt that you can send to your provider with your reimbursement form. Once you've purchased email or call us at [info@nueyes.com](mailto:info@nueyes.com) or (800) 605-4033 to request an itemized receipt from your order. You'll then need to fill out the appropriate insurance claim form and mail the form along with your itemized receipt directly to your provider.

For your convenience, below is a list of some of the most common vision insurance providers and links to their claim forms. Please note: We do not work directly with vision insurance providers. If you have any questions about submitting a reimbursement claim form, please contact your vision insurance provider.

### INSURANCE PLANS
