

CloverBook Pro FHD

Foldable, Portable Video Magnifier

CloverBook Pro offers a large, 12.5-inch FHD screen with full-page text-to-speech scanning; all in a light, foldable, extremely portable unit, complete with an attractive protective carry case. CloverBook Pro is powerful but simple to use; with traditional (tactile) controls or you can navigate using the touchscreen.

Unique Features

CloverBook Pro boasts unique features like a user-replaceable battery and very discreet additional camera that folds out for distance and self-viewing. With CloverBook Pro, you even have the option for split-screen, so you can view notes on your desk and see a presenter/instructor at the same time. Add the additional screen, and you can view both cameras on separate 12.5-inch screens, simultaneously. If you want to hear your document read aloud, press the "T" button on the front of CloverBook to scan any text in view. Or, enter the scan mode and scan the entire letter-sized page at once. Try one, and see how easy it is to use the new, super-portable, powerful and affordable CloverBook Pro.

About the CloverBook Pro

Price: \$2,595.00
