

CloverNote HD

Foldable, Portable Video Magnifier

CloverNote HD is compact and weighs less than 3lbs, yet boasts a large 12.5-inch viewing area on a Full HD anti-glare touchscreen. Complete with a UHD 4K reading camera, separate self-view camera and even a user-replaceable, user-rechargeable battery, CloverNote HD brings power and flexibility; all in a simple-to-use device. Add the Optional Camera Arm for a huge writing space and powerful distance camera.

Portability

CloverNote HD is thin and light and comes with a protective carry case. The legs fold in flush to keep a slim profile and the entire device weighs only 2 pounds, 6 ounces. Quickly fold up and put in the carry case to be on your way.

Simple but Powerful

CloverNote HD includes physical and tactile controls like knobs and buttons. And CloverNote HD also has a touchscreen. However you want to control CloverNote HD, there is an easy and intuitive way to do it.

CloverNote HD

Stunning image

CloverNote HD has a UHD 4K reading camera and 1080p FHD viewing screen. Get a crystal-clear image, with distinct contrast color modes and rapid refocus.

Replaceable Battery

How many times do we have to throw our devices in the trash, simply because the battery fizzled out? Not with CloverNote HD. CloverNote HD includes a user-replaceable battery, so you simply replace that and don't have to replace the entire device just because your battery got old.

Optional Camera Arm

Need space for reading large books? Or room for writing? The Optional Camera Arm attaches quickly to the CloverNote HD and extends out to the right side to provide a huge writing and reading space. The Optional Camera Arm also doubles as a distance camera; bending and flexing to point in virtually any direction.
